In the large crate the found a mounted turret for the base several standard issue weapons and a box. "Grif, Donut, Lopez get out here" shouted Simmons from the crate "what do you want" asked Grif when he arrived with Lopez and Donut. "Look at this" said Simmons eagerly "It's a box so what" Grif replied bored "who knows what could be inside it" Simmons said dramatically "It's probably something stupid" Simmons opened up the box to reveal an odd looking rectangular object "what is it?" Simmons asked "Probablemente algÃ³n tipo de mejora armadura"(Probably some type of armor enhancement). "Yeah I have no idea either Lopez" said Simmons "Vete a la mierda"(Fuck you) before he went away. "Look there's a note" Donut pointed out "let's see this is an experimental armor enhancement that should used in the field for testing report back with results P.S in about 5 minutes from now the second half of the shipment will arrive" he read. "I'd better take this to Sarge" he said. "Thats bad news" church said worried "why?" tucker asked "because last time they got a shipment we we crouched behind rocks for a fucking hour and I got blown the fuck up!" he exclaimed shooting caboose a dirty look. Back at red base "so Simmons I want you to install it on Grif and Lopez can help you. "Si" Lopez replied and they rushed out "Grif stand still" said Simmons "OK" angrily replied Grif.
